FAQS

How long does it take From start to Finish before I get my order?

-Depending on the time year, all orders are processed within 4-6 weeks. Should you need it in less time, a rush Fee will be added.

Who owns the art?

-Any art we create is owned and copy written by Arizona Sport Shirts, Inc. We are the only ones who can reproduce anything with it. Should you want something else made with the design, we will happily make it For you.

How are the shirts boxed up?

-We Fold and bag the shirts 6 per bag, per size at no additional cost. However, hoodies are individually bagged. If you need individual bagging, we charge \$0.60 per garment. This may not be an option depending on time of year.

What garment types and colors can I get with my design?

-While you can mix and match different garments and colors, you are limited to how many different categories you can get. The number of categories is dependent on the total number of garments you are ordering. We also recommend trying to keep your order as streamlined as possible as this usually helps you when selling and when you want to do a re-order. Ask your sales rep For more info.

I want to do pre-orders after the art is approved, is that OK?

-Yes, pre-orders are Fine but we always recommend ordering more than what you pre-order as there is always a possibility of a misprint. We won't set back up to print on a Full custom design of anything less than 100 garments on a re-order. We also don't recommend getting just 1 of a specific garment in case of a misprint as well.

What are the size ranges For printing?

-An adult order goes as small as youth medium and up to 6X. The other size ranges are youth extra small to youth large, 2T to youth small and 6 month to 5/6T. The art size will be changed For that specific shirt range and new screens will have to be shot For each one.

For any other FAQ's, ask a sales person and they'll be happy to assist you.
