**LIST OF SPONSORS** (please fill out info below): (please rank most important at top)

We must have the vector files of these sponsors, NO jpegs will be accepted!

You can have your graphics supplier, decal/wrap company supply these directly to us.

IF we have to RE CREATE your sponsor logos, there will be a charge added to your account.

**GRAPHICS/NUMBER/LOGOS:**

We need all graphics supplied in vector format, (Adobe Illustrator .ai .eps). If designed in Photoshop, we will need the .psd files. These are the graphics files your graphics company has used to create the decals/logos/wraps on your vehicle and should be able to supply them to you. Files labeled .jpg will not work. Sending photos as .jpg are fine because we draw from those.

## **PHOTOS:**

We require digital high-resolution photos of your vehicle, preferably an on-track shot. Sorry phone photos are not accepted.

Contact your track photographer if you have none.

Once your vehicle has been drawn, we cannot turn or rotate the photo. Please send only the angle (s) you prefer, otherwise there will be an additional fee to re draw another vehicle (\$200)

Once you have all this information above, please send an email attaching all photos and graphics files to your account rep. Large files can be uploaded to a drop box, ask your rep for this info.

## **Changes/Revisions**

Please understand, we reserve the right to charge for unnecessary and after design is drawn changes, forgotten items, etc. So please take the time to fully complete this as we use this to complete your design. We understand a new last-minute sponsor, A sponsor pulled out at the last minute. But If we do as you request, and you decide the art is not what you want, there will be an additional art fee.

Once we have your art done, we can also offer the art on phone covers, coozies, mugs, seat covers, license plates, stickers, etc. Ask your account rep for details.
